# Youth Education

The months since the last report in the Hunter News have been very busy and exciting for Youth Education.

On November 19, 2007 myself and three judges, Mary Bradley, Susan Crandles and Gary Crandles completed the judging and scrutinizing for the Poster and Literary Contest. There were a total of 175 entries in the competition. The judges scored each and every poster, essay and poems and total high scores marked the winners.

Of the ten winners at our branch level that went on to the Zone level, six students ranked in the top three places in the various Categories. I am very proud of all these students and their accomplishments. I am also thankful to the teachers that took the time out of their busy days to ensure that the students had entered their posters, poems and essays.

February 17, 2008 was the date of the Public Speaking Competition. There were thirty students registered within three categories. Judges, timekeepers and scrutinizer consisted of Dorothy Buchanan, Shelia Boyer, Janet Kaminsky, Angela Burke, Shelly Whelan and Jacqueline Clarke. When the day was completed we had three students moving on to the Zone level. This competition was held on March 16, 2008 but unfortunately none of our winners advanced to District.

The following are pictures of the winners from our Awards Celebration held March 9, 2008.

Yours in Comradeship,  
Jeanette Clarke-Boutilier
