I did not serve in the C.F. but through the generations, in my family in WW1 and WW2 in many peace keeping missions we have fought for Canada. This tour is my way of contributing to the Canadian Veteran and to their memory.

We are also awarding a trip to Holland for the best student video submitted. We will be looking to the schools to get involved in video tapping our veterans . We feel that if we can get students across Canada involved in our mission they will be able to pass the word on to there children. Our web site friendsofveterans.ca has purchased the domain name vtube.org for the purpose of uploading their video's. Vtube will be used for years and years to come as a place where Canadians both young and old can go and view video's of our great Canadian Veterans.

Thank You

Delegates of the 1998 Dominion Convention authorized the introduction of a Member Benefits Package to further enhance the value of membership within The Royal Canadian Legion. Following an aggressive affinity marketing program, The RCL has established, and continues to do so, links with national companies whose products and services meet the needs and interests of RCL members. Every firm selected offers a special or unique benefit that is not normally available to the general public.

DIAGEO Proud To Partner With The Royal Canadian Legion

Diageo, a leader in the premium drinks industry, has become a partner committed to the support of The Royal Canadian Legion through substantial investments into its national programs. At the branch, Legion members can order their favourite premium brands, as well as have the opportunity to try a selection of beer, spirits, and wines from Diageo's world-class portfolio of products; including Johnnie Walker, Guinness, Smirnoff, Bells, Baileys, Cuervo, Gordon's, Tanqueray, Captain Morgan, Crown Royal, Piat D'Or and Sterling Vineyards wines.

Many of Diageo's products are already available at your local Legion Branch, so please select their brands over that of their competitors. We will all benefit accordingly.

Diageo (pronounced Dee-AH-Gee-O) may not be a household name, but most of the brands certainly are. While the company operates in markets worldwide, Diageo Canada has employees at supply sites as well as sales and marketing offices across Canada. Its head office is in Etobicoke. There are also manufacturing and distribution sites in Amherstburg, Ont., Dorval, Que. and Gimli, Man.

As the world's leading premium drinks business, Diageo

wants to be at the forefront of industry efforts to promote responsible drinking. Its approach is based on the following key principles: set world-class standards for responsible marketing and innovation, combat alcohol misuse, work with others on initiatives to reduce alcohol-related harm, and seek to promote a shared understanding of what it means to drink responsibly.

Children's Christmas Party

Despite a winter storm, we had a good turn out at our Children's Christmas party. Santa Claus and Mrs Claus made sure all the children got a gift. The Ladies Auxiliary braved the weather to make sure everyone had enough to eat and drink. Kelly MacLean and Helen McMahon helped to entertain the children with a craft table.

Thanks to the Chair Chester McConnell, the Ladies Auxiliary and all the other members who helped make this a success.

Sandra (Bruce South's) granddaughter gets her gift from Santa Claus

Right: Dave and Claire Wylie did a marvelous job as Santa Claus and Mrs. Claus. Thank you very much.
