

simple case of a phone call and in many cases they will receive a home visit to ensure that they are receiving all the help that is available for them. This I know works very well as I do meet with Debby Sora our local V. A. Rep.

In light of the diminishing numbers of Veterans attending the monthly visits of the V.A. it has been decided to change the visits from monthly to quarterly and if there is still no response then we will have to consider ending this service.

This does not mean we are abandoning our mission, we are simply reverting to the original system whereby anyone requiring assistance contacts the branch service officer and then V. A. will be contacted. Today I can reach Debby Sora the V. A. rep by cell phone or email and usually she will immediately contact the Veteran or dependant. It has been working for us now for quite a while and I am confident that our Veterans are receiving the best possible service.

The next scheduled visit by Debby will be Wednesday April 30th at 9am.

Anyone who needs assistance from Veteran's Affairs should contact the branch and they will be given information on how to contact me. You do not need to be a Legion member. We assist all Veterans and their dependants regardless whether they are Legion members or not.

One final thought regarding our current Veterans still serving, they receive the same service on their bases from our Provincial Service Officers and it ensures that they receive a totally independent opinion on their claims.

So Comrades I would appreciate if you could spread the word on these changes to any of our Veterans that you come in contact with. We need to be mindful that some Veterans may be "shut ins" or living in Seniors Buildings or Homes and we need to be able to reach out to them and we need you to tell us of anyone you may hear off. Between us we can continue to help them.

Thank you
Cyril Best Service Officer Br322
