This was the biggest surprise of my whole day. Some unknown child left their Thank you note on our Cairn after the ceremony when everyone had left.

Adrienne's Flowers & Gifts

Thanks to Pat Veitch who told me about this window. They have been doing it for awhile and they get lots of interest from passing traffic. People have even brought items in to add to the display. Unfortunately it was difficult to photograph.

Cassino War Cemetery, Italy

One of our members Arthur Griffiths went to Cassino Italy and took the time to place a wreath from Branch 322 at a grave of an unknown Canadian soldier while visiting his father's grave.

I spent the afternoon going through his pictures and will have a separate article up on our web site soon. Doug Smith

Special thanks to Branch member Brent Sharpe (middle above) whose band "Group Therapy" played free of charge on Friday night
