

Not Enough Hands

A farmer stopped by the local mechanic shop to have his truck fixed. They couldn't do it while he waited, so he said he didn't live far and would just walk home.

On the way home he stopped at the hardware store and bought a bucket and a gallon of paint. He then stopped by the feed store and picked up a couple of chickens and a goose. However, struggling outside the store he now had a problem - how to carry his entire purchases home.

While he was scratching his head he was approached by a little old lady who told him she was lost. She asked, "Can you tell me how to get to 603 Mockingbird Lane?"

The farmer said, "Well, as a matter of fact, my farm is very close to that house. I would walk you there but I can't carry this lot."

The old lady suggested, "Why don't you put the can of paint in the bucket. Carry the bucket in one hand, put a chicken under each arm and carry the goose in your other hand?"

"Why thank you very much," he said and proceeded to walk the old girl home.

On the way he says "Let's take my short cut and go down this alley. We'll be there in no time."

The little old lady looked him over cautiously then said, I am a lonely widow without a husband to defend me. How do I know that when we get in the alley you won't hold me up against the wall, pull up my skirt, and have your way with me?

The farmer said, "Holy smokes lady! I'm carrying a bucket, a gallon of paint two chickens, and a goose. How in the world could I possibly hold you up against the wall and do that?"

The old lady replied, "Set the goose down, cover him with the bucket, put the paint on top of the bucket, and I'll hold the chickens..."

Buying Tampax

Two young boys walk into a pharmacy one day, pick out a box of Tampax and proceed to the checkout counter. The man at the counter asks the older boy, "Son, how old are you?"

"Eight," the boy replies.

The man continues, "Do you know what these are used for?"

"Not exactly," the boy says. "But they aren't for me. They're for him. He's my brother. He's four. We saw on TV that if you use these you would be able to swim and ride a bike. Right now he can't do either one."

HOW TO INSTALL A HOME SECURITY SYSTEM

1. Go to a second-hand store and buy a pair of men's used size 14-16 work boots.
2. Place them on your front porch, along with several empty beer cans, a copy of Guns & Ammo magazine and several NRA magazines.
3. Put a few giant dog dishes next to the boots and magazines.
4. Leave a note on your door that reads:

"Hey Bubba, Big Jim, and Slim - I went to the gun shop for more ammunition. Back in an hour. Don't mess with the pit bulls - they attacked the mailman this morning and messed him up real bad. I don't think Killer took part in it, but it was hard to tell from all the blood.

"P.S. - I locked all four of 'em in the house.
